WIN City Council, District 2 – [Jen Campbell](#)
WIN City Council, District 4 – [Monica Montgomery](#)
LOSS City Council, District 6 - [Tommy Hough](#)
WIN City Council, District 8 - [Vivian Moreno](#)

State Ballot Measures:

WIN **YES - Proposition 1 - Veterans and Affordable Housing Bond Act of 2018**
Proposition 1 would authorize $4 billion in general obligation bonds for housing-related programs, loans, grants, and projects and housing loans for veterans. Funding would include such items as construction, rehabilitation, and preservation of rental housing for persons with incomes of 60 percent or below of the area median income, housing projects near transit stations, infill infrastructure that supports

high-density affordable and mixed-income housing, and loans to low-income and moderate-income homebuyers.

WIN   **NO - <u>Proposition 3 - Water Supply and Water Quality Act of 2018</u>**
The bond would provide $8.877 billion for various water projects and programs. The flaws in the bond will enable certain dams and other infrastructure we have opposed. It also directs to unspecified water projects a specific category of funds collected through the state's cap-and-trade program that should be used to efficiently cut climate emissions.
To see our detailed list of concerns about Proposition 3, click here.
For Frequently Asked Questions about Proposition 3, click here.
For the full text of the measure, click here.

WIN   **NO - <u>Proposition 6 - Eliminates Recently Enacted Road Repair and Transportation Funding</u>**
The measure is an attempt to repeal Senate Bill 1, the Road Repair and Accountability Act, passed in 2017 that raises about $5.2 billion a year to fix the state's crumbling roads and bridges and improve public transit service.

LOSS   **YES – <u>Proposition 10: Affordable Housing Act</u>**
This measure expands the ability of local governments to establish rent control measures. The measure rescinds the Costa-Hawkins Act, which prevents rent controls to be applied to housing constructed after 1995.

WIN   **YES -<u>Proposition 12: Prevention of Cruelty to Farm Animals Act</u>**
The purpose of this Act is to prevent animal cruelty by phasing out extreme methods of farm animal confinement, which also threaten the health and safety of California consumers, and increase the risk of foodborne illness and associated negative fiscal impacts on the State of California. It would amend the Health and Safety Code to extend the provisions of Prop 2 (2008), make them more specific and less subjective, and ban the importation of non-compliant meat and eggs into California.

<u>Local Ballot Measures:</u>

<u>County of San Diego</u>
LOSS **NO - Measure B – <u>Preserving Balanced Representation in Unincorporated Areas of San Diego County</u>**
Measure B would do two things: 1) Require that after each census, two of the five supervisorial districts be redrawn to include predominately unincorporated areas; 2) Require that at least three districts must include unincorporated areas. Since approximately 1/7th of the County is unincorporated, this measure put on the ballot by the County Board of Supervisors, may facilitate gerrymandering to accomplish its goals. We do not believe that this redistricting plan will result in substantially equal population representation, geographic continuity, and respect for boundaries of cities.

WIN **YES - Measure D – <u>Full Voter Participation Initiative</u>**

Initiative measure proposing Charter Amendments requiring all elections for San Diego County elective offices to be held at a General Election and requiring adoption of local regulations relating to write-in candidates for county elective office.

City of Oceanside
LOSS **YES - Measure Y - Save Open Space and Agricultural Resources (SOAR)**
Initiative Measure Amending the Land Use Element of the Oceanside General Plan to Require Voter Approval of Proposals to Change the Land Use Designation or Zoning of Agricultural or Open Space Land to Any Other Use.

City of San Diego
WIN **NO - Measure E – Mission Valley – Soccer City Initiative**
Initiative Measure to lease Mission Valley stadium property and the San Diego Chargers practice facility on Murphy Canyon Road to a private party for 99 years, with an option to buy some stadium property, consistent with price, terms, and conditions described in the measure; and adopt a specific plan and agreement allowing development of stadium, river park, recreational, residential, office, hotel, retail, and other uses; and amend related land use laws?

WIN **YES - Measure G – Mission Valley – SDSU West Initiative**
Initiative Measure to sell Mission Valley stadium property to San Diego State University or any SDSU auxiliary organization, entity, or affiliate, consistent with price, terms, and conditions described in the measure, to allow the California State University Board of Trustees to determine its development, which may include stadium, recreational, educational, residential, office, hotel, retail, and other uses; and if sold, shall the City set aside adjacent land for a river park?
